

I benefit from listening to XM Satellite Radio and its traffic and weather channels. I think satellite radio provides variety and quality that are not available elsewhere. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve. Don't let lobbyist dictate what I can hear on a service I pay for and have invested in.
